

Colours

(For best ponies Blaze and Flavio)

Colours of the day
Colours of the night
They make me smile
Even when it's not the time

They brighten me up
From the early morning
To the late at night
Even when I am at school
Bored so I stare to the sky

Colours make me think
Think of how hard life is
But when I think, think of
My colours, that's when I know
You are the one to be
You are my sweetie my dear
Sweet light, the one I like
To the early morning and the
Late at night
